

## House of Illustration – Getting Here

House of Illustration is located at 2 Granary Square, King's Cross, London N1C 4BH. It is 7-10 minutes from King's Cross Station. Please note this is the Granary Square in **King's Cross**, not in Islington. View a map online [here](#).

### **Directions from King's Cross Station**

To find us, take the Regent's Canal exit of King's Cross Station. You should see a large bird cage sculpture in front of you. Turn right to join King's Boulevard - a pedestrian route going north, up a slight hill. When you come to the top of the boulevard, cross the road onto a bridge over Regent's canal. You should be facing UAL Central Saint Martins and the fountains (although they may be turned off!) This is Granary Square.

If you walk past the Lighterman Pub, you will find us at the north-east corner of Granary Square, the building to the right of Central Saint Martins. The entrance to House of Illustration is on the side facing the grassy area, nearer to the Waitrose entrance. Do not enter via the entrance that says 'Art Fund' – we are the entrance on the opposite side of the building.
